

Bright Start Playgroup

Creating Fun Indoor Activities for Your Little Ones!

During this cold, rainy season, keeping children active indoors is essential. We have several activities to build gross motor skills this winter — throwing and catching, dancing, obstacle course, Hula Hoops, bowling, stepping stones, spinner seat, parachute, slide and more!

Our FREE playgroups are for children birth to five years old with a parent or caretaker. We will meet in January and February on two Wednesdays a month from 9-10 a.m. at the following locations:

January 10	Anderson Heights - 1530 Spruce St., held in the cafeteria
January 17	Meadow Lane - 2770 Balls Ferry Road, held in the cafeteria
February 7	Meadow Lane - see above address
February 14	Anderson Heights - see above address

Each week we will provide an assortment of fun activities and snacks!

The Bright Start Playgroup program is part of a partnership between the Cascade Elementary School District and the City of Anderson to support families with children birth through five years old. For more information, please text or call Christa Arthur at (530) 351-4285.
