Welcome to Anderson Middle School - *Home of the Cougars!*

Our dedicated, caring staff is here to engage, enlighten, inspire, and encourage your child to be the best version of themselves. We care about each student – academically, socially, emotionally, and physically. In our block schedule, there are opportunities for students to receive support as well as expand their horizons with various electives. We offer intramurals during lunch, an array of athletics, and an ever-growing band and choir program.

We offer before and after-school programs for busy or working families. Our California Adventure Camp, the Ascend Program, opens at 7:15 a.m. and lasts through 8:30 a.m. Here, positive supervision provides hands-on activities, interactive games, and morning exercises. Project Share is offered after school, and lasts until 6 p.m. Students receive homework help, snacks, and student-centered activities. Check out our website or call the office for more information.

Like other middle schools across the nation, AMS is participating in the Positive Behavior Intervention and Supports (PBIS) program, Capturing Kids Hearts (CKH), and Advanced Via Individual Determination (AVID). We expect all students to follow, “Be Safe, Be Respectful, and Be Responsible.” As a staff, we take pride in building strong relationships with students; we look forward to helping students make new friends and to help students develop empathy, and appropriately problem-solve.

We cannot do this alone. We need you – parents, guardians, and grandparents – as engaged and active participants during these middle school years. Attend a School Site Council meeting evaluating our programs or volunteer to join our Parent Club. Parent Club members can assist with attendance, behavior, or other site celebrations. Of course, answering our phone calls, brainstorming solutions together for student improvement, attending parent conferences, and frequently checking Aeries are all helpful as well.

Stay informed about upcoming site activities by joining Parent Square, our communication platform. Don’t forget to also check out our school website, and follow the school’s Facebook and Instagram pages.

It is my pleasure to serve the staff, students, and community of Anderson. It’s going to be a fabulous year!

Felicia Ross
Principal

Whether you are returning to Anderson Middle School or entering for the first time, we want each of you to know how important you are to the staff and how pleased we are that you have chosen to attend our school. Everyone at AMS looks forward to helping you achieve your highest potential, both academically and socially. We hope you choose to get involved in clubs, athletics, and activities at school. Best wishes to everyone for a happy and successful school year! **Go Cougars!**

ACADEMIC AWARDS

Here are some of the ways in which we recognize the achievement of our hard-working students:

- PRINCIPAL'S HONOR ROLL – Students who have achieved an “A” in all subjects are recognized each trimester.
- GOLD HONOR ROLL – Students who have achieved a “B+” average (GPA between 3.5 and 3.99) with no grade lower than “C-” are recognized each trimester.
- BLUE HONOR ROLL - Students who have achieved a “B” average (GPA between 3.0 and 3.49) with no grade lower than “C-” are recognized each trimester.
- POSITIVE ACCOLADES – Students may receive positive accolades from their teachers or other staff for good behavior, academic achievement, citizenship, or service.
- ATTENDANCE – Students with excellent period attendance each trimester and at the end of the year will be recognized at the awards assembly.

AERIES ONLINE GRADEBOOK ACCESS/TEXTING REMINDERS

Grades and attendance are available 24/7 to both students and parents online, which allows immediate access to homework, assignments, and overall progress. Sign up in the office to have an account created. Many of our teachers also use the free Remind app, Class Dojo, etc. to make parents and/or students aware of assignments and activities through text and/or email. Parents may sign up with each teacher.

ATTENDANCE PROCEDURES/ABSENCES

If your student is absent for any reason, please call 378-7060 on the day of the absence or send

a note the following day. The only legal excuses for absence from school are illness, medical, dental, optometric, or chiropractic appointments, attending the funeral services of a member of his/her immediate family (not more than one day if services are in California), spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to combat zone or combat support position, court appearance, and observation of a religious holiday. Other absences will be marked unexcused, but students will be allowed to make up missed work. For students in grades 7-12, California law states that school authorities may excuse any pupil from the school for purposes of obtaining confidential medical services without the consent of the pupil's parent or guardian.

BICYCLES/SKATEBOARDS/SCOOTERS

We provide racks for bikes, skateboards, & scooters; however, students must provide their own locks (a lock only or a lock with chain is needed for skateboards/scooters, and a lock with chain is needed for bicycles). California state law requires that all persons under the age of 18 must wear a helmet while riding a bicycle, scooter, or skateboard.

CELEBRATIONS/REWARDS

The staff at AMS offers many opportunities to celebrate the success of our students, including Cougar Days (monthly award time for good behavior), WEB events (connecting older students with younger student buddies), assemblies/rallies, activities to promote college

readiness, front of the line passes, caught being good raffles, student of the month, and reward field trips for academics and attendance. To minimize classroom distractions, individual balloons, flowers, etc. will be held in the office until the end of the school day.

CELL PHONES/ELECTRONIC DEVICES

Students may be in possession of a cell phone at school. Students **MUST** keep their phones powered off and kept out of sight once they arrive on campus and until the end of the school day. Devices confiscated for irresponsible/disrespectful use may be picked up in the office by a parent. Students are to keep electronic devices on their person or locked in a classroom at all times. Anderson Middle School and CUESD are not responsible for loss or damage to personal electronic devices or headphones brought to school.

DISCIPLINE PLAN

We provide a safe and effective learning environment that enables our students to achieve their highest level. To that end, we utilize restorative practices and a progressive discipline plan and aim for all disciplinary consequences to be respectful, related, and reasonable. Ed Code 48900 and 48915 are followed for suspendable and/or expellable offenses.

DRESS CODE

Loaner clothing will be provided for students that do not follow the dress code. Information about the dress code can be found on page 35 in the district handbook and on the dress code list on the following page. Progressive discipline will also apply, as needed.

ILLNESS/INJURY

If a child becomes ill or is injured at school, the parent or guardian will be contacted. Parents are legally required to keep current phone numbers and addresses on file with the office at all times.

LOST AND FOUND

The Lost and Found container is in the small gym (cafeteria). Students should check there for any missing clothing or personal articles. After students are given adequate notice, clothing is periodically donated to charity.

NUTRITION

Anderson Middle School is a healthy food options school. We heavily discourage our young students from drinking coffee. Energy drinks, such as Red Bull, Monster, Rebel, etc., are not allowed on campus at any time and will be confiscated if a student is seen with them.

REPORTS TO PARENTS

Each trimester, parents will be mailed up to two progress reports (if their child is earning a C- or lower) and a final report card. In addition, first-period core teachers will send a comprehensive progress report home with each student on the last school day of every month for parents to sign and students to return to their first-period core teacher. Parents who provide an active email address may receive additional progress reports from individual teachers.

REQUIREMENTS FOR 8TH GRADE PROMOTION AND PARTICIPATION IN RELATED ACTIVITIES

In order to be promoted to high school in good standing and participate in the Promotion Ceremony and related activities, a student must have no "F's" during his/her eighth-grade year, must maintain a 2.0 GPA each trimester, must not have been suspended more than twice during the eighth-grade year, and must be present and on time at least 90% of the time. Requirements for transfer students who do not attend the entire school year will be handled on an individual basis. In addition to the above requirements, in order for a student to participate in the school activities surrounding eighth-grade promotion, the student must have no more than 2 disciplinary referrals during the third trimester of the year.

SCHOOL ACCOUNTABILITY REPORT CARD

A hard copy of the School Accountability Report Card for Anderson Middle School is available online and in the school office upon request.

SECURITY CAMERAS

As part of our safety plan for the security of our students and the entire campus, AMS operates security cameras. To protect the privacy of our students, videos containing images of other students will not be shared with parents.

STUDENT PICK UP/DROP OFF

Parents are asked to help keep our students safe by picking up and dropping off only in the semi-circular driveway on the east side (Vernon Street) of the campus. Please do not use the side streets or the staff or bus parking lots as it is not safe for students.

Go Cougars!

A MESSAGE FROM THE SUPERINTENDENT

Jason Provence

Dear Cascade Union Elementary School District Families:

Thank you for putting your trust in us to serve your family! Our outstanding teachers and staff members are ready to inspire your child, to believe in them, and to prepare them to achieve great things in life. Anderson is a wonderful town, full of potential and rich in community. We are delighted to be a part of this great region. Thank you for choosing Cascade Union Elementary School District!

We are excited to have you come discover the new Cascade and become a part of our Cascade family! We have a menu of services to fit your needs, and while we certainly would like to see all of our students attend school **FACE TO FACE**, we understand that this may not be the best choice for some families. **INDEPENDENT STUDY** allows students to participate in class using their district-provided computer connected to the Internet. Our **HOME SCHOOL** provides curriculum and a teacher to support the parent teaching their child at home. We will continue to provide excellence in education for our students and their families in whatever learning mode they choose!

This Handbook for Parents, Legal Guardians, and Students for the 2023-2024 school year provides helpful information including District programs, policies, and contact information. The school calendar is on the back page so you can easily access it.

To wisely steward your tax dollars, we are combining the school handbook (site-specific information) with the district handbook (rights of parents, legal guardians, and students concerning state and federal laws) and uploading it to the school and district websites so it is available anytime, night or day. If you would like to have a printed copy, just contact the school or district office. In this handbook, “parent” refers to parents and/or guardians.

Again, thank you for entrusting your children to our staff. We are honored to have this opportunity to educate your children, and we welcome your participation in your child’s education.

Sincerely,
Jason Provence
Superintendent

IN CASE OF *EMERGENCY*

EMERGENCY INFORMATION AND SCHOOL CLOSING INFORMATION [EC§49408]

IN CASE OF EMERGENCY Parents are required to provide the school with their contact information so, should an emergency arise, we can contact you. The information must be kept current, so parents must inform the school when this information changes. The required information includes home address(es) and telephone number(s); business or employment address(es) and telephone number(s); and name(s), address(es), and telephone number(s) of one or more relative(s) or friend(s) whom you authorize to care for your student in any emergency situation, including the medical caregiver, if the parent or legal guardian cannot be reached.

In an emergency, please do not telephone the school. Phone lines will be needed for emergency communication. The school will use its automated phone calling system to give parents instructions and updated information. Please do not drive to the school. Streets should be as open as possible for emergency vehicles. Tune your radio to any of the local radio stations. Information regarding the emergency and instructions for picking up students during or after the emergency will be given over the radio.

The safety and welfare of the students is our primary concern, especially in the event of an emergency. We plan for, prepare for, and conduct emergency drills in order to ensure that the students understand emergency procedures for emergency/crisis situations. Personnel are trained in first aid. Your children should obey the directions of their teachers and follow the directions of the bus driver if they are on a bus. If walking or riding a bicycle, students should exercise caution and good judgment, and follow instructions of law enforcement personnel should an emergency situation develop while en route to school or home.

SCHOOL SAFETY PLAN [EC§§32286, 32288] Each school annually reviews and updates its safety plan by March 1. The plan includes an earthquake emergency procedure system and a disaster policy for buildings with a capacity of 50 or more people. Each school reports on the status of its plan and includes a description of its key elements in its annual School Accountability Report Card.

SCHOOL CLOSINGS In the event of school closure due to emergencies or inclement weather, please refer to our website, www.CUESD.com, and listen to local radio and TV stations for updates. The school will also use its automated phone calling system to give parents/guardians instructions and updated information. If inclement weather occurs after the school day has begun, the school will remain open for the duration of the school day. In weather-related emergencies, you may pick up your child from school before the school day is over. If bus transportation is stopped due to weather conditions, students will remain on campus until picked up by the parent or guardian. If you have questions about our emergency preparedness programs, please contact your child's principal.

THE IMPORTANCE OF GOOD ATTENDANCE

WHY DO WE FOCUS ON ATTENDANCE?

When children are absent, they miss information presented in class. This may seem insignificant, but when students are tested throughout the year, the missing information becomes apparent in the student's scores. Chronic absence in kindergarten is associated with lower academic performance in later years. Missing 20% of school is a warning sign of school drop-out. Absenteeism is a serious concern for everyone.

WHICH SCHOOL IS MY SCHOOL?

Students residing on the east side of the railroad tracks that parallel Highway 273 who are in TK through 5th grade attend Meadow Lane Elementary School. Students residing on the west side of the railroad tracks that parallel Highway 273 in TK through 5th grade attend Anderson Heights Elementary School. Students in grades 6-8 attend Anderson Middle School. From time to time, exceptions may be made in order to accommodate program availability or to keep siblings together on one campus. The District operates a State preschool program located at Meadow Lane Elementary School. Please contact the district office at 530-378-7000 to discuss options.

MINIMUM AGE OF ADMISSION TO KINDERGARTEN [EC§48000] Students who are 5 years of age on or before September 1 may enroll in kindergarten. Students who turn 5 years of age between September 2 and April 2 have the opportunity to enroll in a two-year kindergarten program called transitional kindergarten (TK). The first year provides young 5-year-olds with an opportunity to adjust to the school environment and develop strong learning skills to prepare them for the rigor of 1st grade. Students are exposed to reading and math in an interactive way using varied strategies and methods, and they participate in all kindergarten activities throughout the year and are grouped according to developmental and academic abilities with other kindergarten students. Research shows how important it is that students are ready academically, socially, and emotionally for 1st grade and that children who attend kindergarten readiness programs like TK are more likely to do well in school. All TK students will attend the two-year program unless, as reflected on the CUESD Kindergarten Report Card, they excel academically and demonstrate outstanding social, emotional, and developmental skills.

ABSENCES [EC§48200] Daily school attendance is compulsory for children ages 6-18. Please review the school calendar provided and plan activities and vacations during non-school days. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

There are legal consequences if your child misses school excessively. Please call your child's school office to report his/her absence. A note and/or phone call from you must be received by the school within 72 hours to clear any excusable absences. Unexcused absences result in a recorded truancy. Per EC§48205, an elementary school pupil's absence shall be excused for the following reasons:

- Due to the child's illness or due to county/city health officer-directed quarantine.
- For the purpose of obtaining medical, dental, optometrical, or chiropractic services.
- To attend the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California; not more than three days if outside California.
- For justifiable personal reasons, including, but not limited to an observance of a religious holiday or ceremony, an appearance in court, attendance at a funeral service, religious retreat, an employment conference, the pupil's naturalization ceremony to become a United States citizen, a political or civic event (middle school students only), or an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
- For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from deployment to combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.

A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments. "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil."

EXTENDED ABSENCES - INDEPENDENT STUDY PROGRAM Independent Study is available so your child can keep up with his or her school work during an extended absence of 5 or more consecutive days. Please call the school office and ask them to prepare a packet of assignments which may be picked up at the office.

INTERDISTRICT ENROLLMENT [EC §§35160.5, 46600-46611, 48204, 48206.3, 48300-48315, 48980. Our district allows students to transfer to or from other districts (interdistrict). For more information on these transfers, enrollment options, alternative schools, and the associated form, please contact the district office at 530-378-7000.

ATTENDANCE WHERE CAREGIVER RESIDES [EC §§48204(d), 48980(h)] Your child may attend the school district of his/her caregiver's residence if your child lives with a caregiver, as defined by law. An affidavit, sworn under penalty of perjury, by the caregiving adult is required to determine that your child lives in the caregiver's home.

ATTENDANCE IN DISTRICT IN WHICH PARENT OR GUARDIAN IS EMPLOYED [EC §§48204(b)(f), 48980(i)] Your child may attend school in the school district where you or your spouse is employed for at least 10 hours per week. If interested, call the district or school office for information.

ATTENDANCE IN DISTRICT WHEN LIVING AT PARENTS' PLACE OF EMPLOYMENT FOR MINIMUM OF 3 DAYS DURING THE SCHOOL WEEK [EC §48204(a)(7)] Parents may apply for enrollment of their child in a school district in which the parent is employed, and where the parent and child live at the parent's place of employment minimum of 3 days during the school week.

STUDENTS IN MILITARY FAMILIES [EC 48204.6] A student living in the household of an active duty military service member must be allowed to continue attending the student's school of origin for the remainder of the school year if the family moves. A student from an active duty military family who is transitioning between school grade levels must be allowed to continue in the school district of origin and in the same attendance area of his/her school of origin. If the student is transitioning to middle school or high school, and the school designated for matriculation is in another school district, the local educational agency must allow the student to continue to the school designated for matriculation in that school district. The new school must immediately enroll the student, even if the child has outstanding fees, fines, textbooks, or other items or money due to the school last attended or if the student is unable to produce clothing or records normally required for enrollment. If the Parent's military service ends during the school year, then the student is allowed to stay in his/her school of origin for the remainder of the school year if s/he is in grades 1-8, or through graduation if the student is in high school.

RESIDENCY RETENTION FOR MIGRATORY CHILDREN Migratory children, who are enrolled in a school district due to a parent's or immediate family member's temporary/seasonal employment in an agricultural/fishing activity, as defined by Ed Code §54441, are allowed to continue in their schools of origin, regardless of any change of residence during that school year, for the duration of their status as migratory children. If a student's status as a migratory child changes during the school year, the school district must allow K-8th graders to continue in their schools of origin for the remainder of that school year. Migratory children and their parents/guardians must be informed of the impact that remaining in their schools of origin will have on their eligibility to receive migrant education services.

HOMELESS STUDENTS AND STUDENTS IN FOSTER CARE [EC §§48853,49069.5,51225.1,51225.2]

The uniform complaint procedures are used to address all complaints pertaining to the education of homeless students and students in foster care. The District will:

- Allow a foster child to remain in his/her school of origin while resolution of a school placement dispute is pending;
- Place a foster child in the least restrictive educational programs and provide access to academic resources and services, and extracurricular and enrichment activities available to all students and make educational and school placement decisions based on the best interests of the child and provide educational services for foster children living in emergency shelters;
- Designate a staff person as the educational liaison for foster children. The educational liaison will ensure and facilitate the proper and timely transfer, enrollment in school, and checkout from school of foster children, and assist foster children when transferring from one school/district to another, safeguarding the transfer of credits, records, and grades;
- Compile and transfer the complete educational record, including full or partial credits earned and the current classes and grades, of a transferring foster child to the next educational placement;
- Within two business days of receipt of a transfer request or notification of enrollment from the new local educational agency, transfer the student and deliver the student's complete educational information and records to the next educational placement;
- Ensure that no lowering of grades will occur as a result of a foster student's absence due to a change in placement by a court or placing agency, or due to a verified court appearance or related court activity;
- Accept coursework satisfactorily completed by a homeless student or student in foster care while attending another public school, a juvenile court school, or a nonpublic, nonsectarian school or agency, even if the student did not complete the entire course; and will issue full or partial credit for the coursework completed; School districts may not require that a homeless student or a student in foster care retake a course if the student has satisfactorily completed the entire course in another school setting;
- If a student in foster care or a homeless student is not exempted from local graduation requirements or has previously declined the exemption, the school district must exempt the student at any time if he/she requests and qualifies for the exemption;
- Once a student in foster care or a homeless student is exempted from local graduation requirements, the school district shall not revoke the exemption;
- If a student in foster care or a homeless student is exempted from local graduation requirements, the

exemption must continue to apply after the termination of the court's jurisdiction over the student while s/he is enrolled in school or if the student transfers to another school or school district or if the student is no longer homeless;

- A school district may not require or request that a student in foster care or a homeless student transfer schools in order to be exempted from local graduation requirements.

FOSTER YOUTH, HOMELESS STUDENTS, FORMER JUVENILE COURT STUDENTS, STUDENTS LIVING IN ACTIVE DUTY MILITARY HOUSEHOLDS, AND MIGRATORY AND NEWLY ARRIVED IMMIGRANT STUDENTS PARTICIPATING IN A "NEWCOMER PROGRAM"

State law outlines the rights afforded to students in foster care, who are homeless, who are former juvenile court school students, students living in the household of a parent who is an active duty member of the military, and migratory and newly arrived immigrant students participating in a "Newcomer Program," which is a program designed to meet the academic and transitional needs of newly arrived immigrant students. The District's Uniform Complaint Procedures cover complaints pertaining to these students, including, but not limited to, the District's failure to exempt these students from local graduation and coursework requirements that are in addition to the statewide coursework requirements for graduation; provide credit or partial credit for coursework completed while attending another school; provide these students with the option to remain in school for a fifth year to complete the school district's graduation requirements; and allow these students to decline the exemption or be denied enrollment in, or the ability to complete or retake, courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

INDIVIDUALIZED INSTRUCTION/TEMPORARY DISABILITY (EC §§48206.3, 48207-48208, 48240)

A student whose temporary disability makes school attendance impossible or inadvisable, must receive individual instruction either at home provided by the school district in which the student resides or in a hospital or other residential health facility, excluding state hospitals, provided by the school district in which the hospital or residential health facility is located. "Temporary disability" means a physical, mental, or emotional disability incurred while a student is enrolled in regular day classes or an alternative education program to which the student can reasonably be expected to return. "Temporary disability" does not include a disability that would qualify a student as a "student with exceptional needs" under EC§56026. A student with a temporary disability who is in a hospital or other residential health

facility, excluding a state hospital, which is located outside of the school district in which the pupil's parent or guardian resides shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located. Once the parent has notified the school district where the hospital is located of the student's presence in the qualifying hospital, the district has 5 working days to notify the parent if individualized instruction shall be made available. If the determination is positive, individualized instruction shall begin within 5 working days. Individual instruction in a student's home must commence no later than 5 working days after a school district determines that the student shall receive this instruction. When a student receiving individual instruction is well enough to return to school, s/he must be allowed to return to the school that s/he attended immediately before receiving individual instruction was initiated. Students enrolled in individual instruction in a hospital or other residential health facility for a partial week, are entitled to attend school in his/her school district of residence or to receive individual instruction provided by the school district of residence in the student's home, on days in which s/he is not receiving individual instruction in a hospital or other residential health facility if s/he is well enough to do so. Absences from the student's regular school program due to the student's temporary disability are excused until the student is able to return to the regular school program.

NOTICE OF ALTERNATIVE SCHOOLS [EC§58501]

State law authorizes all school districts to provide for alternative schools. Education Code defines an alternative school as a school or separate class group within a school that is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located. In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law

available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

TRUANCY

[EC§§48260,48260.5,48261,48262,48263,48263.5,48263.6,48264.5,48291,48293,48320;PC270.1,830.1;WIC601.3]

The state-defined levels of truancy, and the associated penalties to students and parents, are:

- **Truant:** A student is truant after missing three days of school or 30-minute periods without a valid excuse.
- **Habitual Truant:** A student who is truant three or more times in a school year.
- **Chronic Truant:** A student who has missed 10 percent or more school days in a school year.
- **Interventions:** Students who are habitual truants are referred to our School Attendance Review Team (SART) and/or the Student Attendance Review Board (SARB) (*more information follows*).
- **Student Penalties for Truancy:** The first instance may result in a one-day weekend class. The second may be a written warning from a peace officer that stays in the student's records. The third may result in being referred to SART and SARB.
- **Parent Penalties for Truancy:** Parents can be fined or imprisoned for up to a year or both. They may also be required to meet regularly with district staff and/or be referred for help. The attendance clerk or designee making the referral of a student to SART/SARB will notify the parent in writing and include the name and address to which the matter has been referred and the reason for referral. The notice shall indicate that the student, parent, and referring person is required to meet to consider a proper disposition of the referral.

SCHOOL ATTENDANCE REVIEW TEAM (SART)

Our SART members are notified when your child has excessive absences and/or tardies. An appointment will be made for you to meet with the SART members to consider a plan for correcting attendance problems. If the outcome of the SART meeting does not produce satisfactory changes in attendance, the school is required to notify the parent of a mandatory regional School Attendance Review Board (SARB) hearing.

SCHOOL ATTENDANCE REVIEW BOARD (SARB)

SARB is a multi-disciplinary team that meets to explore options that may have been overlooked or unknown in attempts by the school or parents to resolve attendance problems. The guidelines for SARB are set forth in Ed Code, and school districts must adhere to these guidelines.

Total unexcused absences may be any combination of full-day unexcused and/or unexcused tardies over 30 minutes. Unexcused tardies over 30 minutes include both coming to school late and leaving school early. An initial notification of truancy is sent after 3 unexcused or 10 excused absences; a second notice is sent after 5 unexcused absences or 12 excused absences; a third notice is sent after 7 unexcused absences or 15 excused absences; and this notice includes the date, time, and location of the SARB meeting. This notice is also copied to the County SARB. Parents and the student are required to attend the SARB meeting which generally takes 30 minutes, and at the conclusion, a SARB contract is created, and a copy is provided to all parties. Should the contract be violated, *i.e.*, there are any more unexcused absences or excessive excused absences), the fourth notification letter is sent to the Parent and a Truancy Prosecution Request is generated.

SARB OUTCOMES: It is our desire that a solution to attendance issues can be identified and implemented.

SARB and IEP: A student who is currently on an IEP may be SARBed as long as the attendance problem is not a manifestation of the student's disability. A manifestation determination meeting will be held to decide this issue.

SARB APPEALS: Families may appeal a local SARB at the county level. Requests for appeal must be submitted to the Shasta County SARB Office within 10 calendar days of the date of the original SARB hearing, and the appeal may not be based solely on one's dissatisfaction with the decision of the local SARB; appeals will be heard only if it appears that there was a breach of due process.

What is the best learning mode for your family?

Cascade Union Elementary School District has built a menu of learning modes to meet the needs of our families. CUESD offers Face-to-Face Learning, Home School, and Independent Study for short and long terms. Read more about your options below. If you have questions about the learning modes, please call our Director of Curriculum and Instruction at 530-378-7000, ext. 7109.

Face-to-Face Learning

Students will come to the school for in-person instruction. Teachers, administrators, aides, staff, and of course, classmates will be present and ready to provide an excellent educational experience for your child.

Home School Learning

Cascade has a group of teachers who focus on providing guidance to parents who choose to educate their own children at home. Curriculum is provided, and if parents need help, a teacher is just a phone call or an email away. Teach your child at their own pace, using a schedule that comfortably fits the needs of your family.

Independent Study – Short Term and Long Term

You may already be familiar with the classic independent study which allows students to learn away from the classroom during vacations or other short-term situations. That classic independent study model, which addressed short-term needs of 3 to 15 school days, still exists and we are happy to assist you with assignments for your child to do while away for a short period of time. We also offer long-term independent study from 15 school days up to an entire school year.

All of our schools receive this funding. Students receive assistance through interventions provided in the regular classroom or in small group settings. Parents are notified if their child is in need of an intervention and will be asked to give permission if this additional help takes the student out of class.

The district employs a nursing staff, who, in conjunction with school staff, evaluate students' health needs (including vision, hearing, dental, growth and development, scoliosis screening, etc.). The nurse provides direct health services to students and staff and serves as a resource for health care referrals to various community programs. Direct health-related concerns to the nurse. The district also employs staff members who provide first aid care, assist students with medication, and maintain health records under the direction of the nurse. Your child may be exempt from the physical examination if you file a written statement with the school principal stating that you will not consent to the routine physical exam. However, whenever there is good reason to believe the child is suffering from a recognized contagious disease, the child will be excluded from school attendance.

IF YOUR CHILD IS ILL [EC§49451] A child may be sent home if s/he is believed to be suffering from a contagious or infectious disease. Students will be sent home if they have a temperature of 100 degrees or higher and must stay home until they are symptom-free for 24 hours without the use of fever-reducing medications such as Tylenol® or ibuprofen. Students with vomiting/diarrhea will be sent home and must stay home until they are symptom-free for 24 hours without symptom-reducing medications or with physician release. Students who develop an infection requiring antibiotics may not return to school until after being on the medication for 24 hours or if

a student has a written release from a physician. If you keep your child home from school due to symptoms of a contagious disease, please notify the school office as soon as possible.

STUDENTS WITH CHRONIC ILLNESS

Students with chronic health conditions will need a Chronic Illness Verification Form signed by their doctor on file at the beginning of each school year.

KINDERGARTEN AND FIRST GRADE PHYSICAL EXAM [EC§§49450; HSC 124085, 124100, 124105, 120475] Parents of enrolling first-grade students are required by state law to present certification signed by a physician that states the child has received a physical exam in the past 18 months. You may contact the Shasta County Health Dept., who, through the Child Health and Disability Prevention Program (CHDP), may be able to provide a physical exam for your child at no cost to you. If you do not provide the certification, you must file a waiver at the school stating your reasons for noncompliance. Your child may be sent home if you fail to provide the certificate or waiver, and if your child is suspected to be suffering from a contagious disease.

KINDERGARTEN AND/OR FIRST GRADE ORAL HEALTH ASSESSMENT [EC§49452.8] Parents must have their child's oral health assessed by a licensed dentist or licensed dental health professional by May 31 of the student's first year of school. Assessments within the 12 months before the child enters school also meet this requirement.

FLUORIDE APPLICATION: Pursuant to HSC§104830-104865, your child may receive the topical application of fluoride, including fluoride varnish, or other decay-inhibiting agents to the teeth

during the school year. If offered, parents must consent to the treatment on behalf of a minor child. This District does not provide fluoride application. Consult your dentist for more information.

SCOLIOSIS SCREENING [EC§49452.5] Between grades 6 and 8, your child may be screened for scoliosis (curvature of the spine), unless you submit a written denial of consent to the school office.

VISION AND HEARING APPRAISAL [EC§49455] The district is required to appraise each student's vision upon initial enrollment and every third year thereafter until the student completes the 8th grade. The appraisal shall include tests for visual acuity and color vision; however, color vision shall be appraised once and only on male students. The evaluation may be waived upon presentation of a certificate from a physician, surgeon, physician's assistant, or optometrist setting out the results of a determination of the student's vision, including visual acuity and color vision. In addition, the District will periodically test students for hearing deficiencies.

SUN PROTECTION

[EC§35183.5] When students are outdoors, they may wear sun-protective clothing and may apply sunscreen and lip balm during the day without a doctor's note or prescription.

Specific clothing and hats determined by the school/district to be inappropriate may be prohibited by the dress code policy. No school personnel are required to assist pupils in applying sunscreen

IMMUNIZATIONS [HSC120325, 120335, 120440; EC§§48216, 49403] Your child must be immunized against certain diseases before being admitted to school unless exempted for legally acceptable reasons. Students who had a signed waiver based on religious or personal beliefs on file by January 1, 2016, will be exempt from the immunization requirement until they complete the "grade span" they were in as of January 1, 2016. Grade spans are (1) birth through preschool, (2) Kindergarten through 6th grade, and (3) 7th through 12th grade. Students entering schools for the first time or advancing to 7th grade after July 1, 2016, are no longer exempt from immunizations based on their religious or personal beliefs.

Students who have a medical exemption issued before December 31, 2020, will be allowed continued enrollment until they enroll in the next grade span. As of January 1, 2021, the District will accept only medical exemptions submitted on the California Department of Public Health's standardized, statewide medical exemption certification form. (Health and Safety Code §§120370(a)(2) and 120372(a).)

Parents must provide documentation that their child has been fully immunized against diphtheria, pertussis (whooping cough), tetanus, poliomyelitis, measles, mumps, rubella, and varicella (chickenpox) (students must be immunized for varicella or provide proof from a doctor stating child has had the disease), or the child may not be admitted to school. In addition, all students entering 7th grade must provide proof of the T-dap booster immunization. The required immunizations are available from the Shasta County Health Department, a physician, or may be administered by a healthcare practitioner acting under the direction of a physician. If an outbreak of a communicable disease occurs at a school, any non-immunized student will be excluded for his/her own safety until such a time as directed by health officials or district administration. Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying the local office of the Shasta County Health Department at 530-229-8200.

MEDICATION [EC§49423] Any student who must take prescribed medication at school and who desires assistance from school personnel must annually submit a written statement of instructions from the physician and a parental request for assistance in administering the medication. Students may carry and self-administer prescription auto-injectable epinephrine and/or inhaled asthma medication upon the school's receipt of specified written confirmation and authorization from the student's parent and physician or surgeon. If the physician/surgeon practices in Mexico, s/he must be contracted with a prepaid health plan offered lawfully under the laws of Mexico and be licensed as a health care service plan in California. The notice must be written in both Spanish and English and include the name and contact information of the physician/surgeon. The Parent shall provide for his/her child any and all specialized medical equipment and/or supplies required for their child as it relates to a specialized health condition or administration of medication(s). The District shall only provide specialized equipment that is used at school and that is needed to implement a student's IEP or Section 504.

CONTINUING MEDICATION REGIMEN

[EC§49480] Parents of any student on a continuing medication regimen for a non-episodic condition shall inform the school nurse or other designated certificated school employee of the medication(s) being taken, the current dosage, and the name of the supervising physician. With the consent of the parent, the school nurse may communicate with the physician and may counsel with school personnel regarding the possible effects of the drug on the child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

GUIDELINES FOR MANAGEMENT OF LIFE-THREATENING ALLERGIES [EC§49403, 49414, 49423, 49423.5, 4923.6., CCR 8:5193] Anaphylactic reactions, most often caused by exposure to substances to which a student is allergic, can be life-threatening. The sources of these allergens are typically food, medicines, insects, and latex. When a student has a life-threatening

allergy, it is the responsibility of the parent or guardian to inform the school staff of the student's allergic condition. The student's physician will establish specific treatment procedures and provide these to the school. School staff will be made aware of these procedures and be knowledgeable about the location of necessary medications and their administration. Staff members are trained to recognize the reactions, follow the written procedures, and be aware of the District's guidelines regarding life-threatening allergies. District staff will work with parents/guardians on an individual basis to accommodate the needs of the student with allergies/potential anaphylactic reactions. The goal for these students is to diminish the risk of accidental exposure to their specific allergens.

EMERGENCY EPINEPHRINE AUTO-INJECTORS AND MANAGEMENT OF UNDIAGNOSED ANAPHYLAXIS[EC§49414; SB 1266]

Current law requires schools to provide emergency epinephrine for individuals who may be experiencing anaphylaxis. Anaphylaxis is a severe allergic reaction that can occur after exposure to an unknown food, an insect sting or even (rare) after exercise. School nurses or trained personnel may use epinephrine auto-injectors to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an anaphylactic reaction. Contact health services for more information.

CONCUSSION [EC§49470-49475] A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious. Signs and symptoms of a concussion can show up immediately after the injury or may not appear or be noticed until days or weeks after the initial injury. In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. Signs and symptoms of concussion include headache, nausea or vomiting, dizziness or balance difficulties, double or blurred vision, sensitivity to light and/or noise, feeling sluggish, hazy, foggy, or groggy, difficulty concentrating, confusion, memory difficulties, or not “feeling right.” An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs: loss of consciousness (even briefly), appears dazed or confused, presents with difficulty with balance, memory, or has behavioral changes, has unequal pupil size, is drowsy or cannot be awakened, has a headache that gets worse, complains of weakness or numbness, is nauseous or vomiting, has slurred speech, or has seizures. Rest is key to recovering from a concussion or head injury. Avoid exercising or activities that involve a lot of concentration such as studying, playing video games, and working on the computer. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, weeks, or even months. Repeated concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to the brain and can be fatal. If you notice any signs and symptoms listed above following a blow, bump, or jolt during practice or a game, notify the coach immediately. When your child signs up to play a sport, school staff will provide additional information on concussions.

TYPE 2 DIABETES INFORMATION [EC\$49452.7]

Type 2 diabetes is the most common form of diabetes in adults, and until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens. According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime. Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy. The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells. The pancreas makes insulin, a hormone that moves glucose from the blood to the cells. But in type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise. Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia. Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

RISK FACTORS ASSOCIATED WITH TYPE 2 DIABETES Students displaying or experiencing the following risk factors and/or warning signs associated with an increased risk of type 2 diabetes should be screened for the disease:

- The single greatest risk factor for type 2 diabetes in children is excess weight. In the US, almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- Many affected children and youth have at least one parent with diabetes or have a significant family history.
- Being inactive further reduces the body's ability to respond to insulin.
- Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

WARNING SIGNS AND SYMPTOMS ASSOCIATED WITH TYPE 2 DIABETES Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially, there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision

- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

TYPE 2 DIABETES PREVENTION METHODS AND TREATMENTS Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels. Visit a doctor who can a) determine if a child is overweight based on the child's age, weight, and height; and b) request blood glucose tests to see if the child has diabetes or prediabetes.

- Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.
- Get more physical activity. Increase physical activity to at least 60 minutes every day.
- If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

TYPES OF DIABETES SCREENING TESTS THAT ARE AVAILABLE

- Glycated hemoglobin (A1C): A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- Random (non-fasting) blood sugar: A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This must be confirmed by a fasting blood glucose test.
- Fasting blood sugar: A blood sample is taken after an overnight fast. A fasting blood sugar level of less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- Oral glucose tolerance: Measures the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided here is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or healthcare provider if you have questions.

MEDICAL AND HOSPITAL INSURANCE FOR STUDENTS [EC §§32221.5, 49472] Our district does not provide medical, accident, or dental insurance for pupils injured on school premises or during school activities, and the district assumes no liability for accidents to students at school. Information about a medical/dental accident insurance program offered by an outside agency is provided starting on page 24 of this handbook. The low-cost plan provides assistance to meet some of the expenses for accidental injury. Two levels of benefits are available. A detailed brochure/application is available at your child's school office. A no-cost, free prescription drug card is also available at your child's school office. School districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. However, this requirement is met by the offering of insurance or other health benefits that cover medical and hospital expenses. Information about no-cost or low-cost local, state, or federally-sponsored health insurance programs may be obtained by calling Healthy Families/Medi-Cal for Families at 888-747-1222.

DRUG, ALCOHOL, STEROID, AND TOBACCO PREVENTION PROGRAMS [EC §§49033, 60041; HSC §11032] The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs, alcohol, or any form of tobacco product on district premises or as a part of any of its activities is strictly prohibited, and violations will be investigated. Violators will be subject to prosecution in accordance with local, state, and federal law and district disciplinary action up to and including expulsion, being required to satisfactorily complete a drug abuse assistance, tobacco cessation program, or rehabilitation program selected by the district. The district's drug, alcohol, and tobacco education and prevention programs address the legal, social, and health consequences of drug, alcohol, and tobacco use and provide students with effective techniques to resist peer pressure to use illicit drugs, alcohol, or tobacco. Parents may contact the school for additional information. The district does not support or endorse specific programs or agencies, but provides the information to assist parents and students.

CONFIDENTIAL MEDICAL SERVICES [EC §46010.1] The state provides that school districts may excuse students in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian. School districts are permitted to grant such excuses, but are not required to do so. If you have questions about this, contact your child's school.

PREGNANT AND PARENTING STUDENTS [EC §§221.51, 46015, 48205] Local educational agencies shall not apply any rule concerning a student's actual or potential parental, family, or marital status that treats

students differently on the basis of sex; shall not exclude or deny a student from an educational program/activity, including class or extracurricular activity, solely on the basis of the student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom; may require a student to obtain physician/nurse practitioner certification that the student is physically & emotionally able to continue participation in the regular education program or activity. Pregnant/parenting students shall not be required to participate in pregnant minor programs or alternative education programs. Pregnant/parenting students who voluntarily participate in alternative education programs shall be given educational programs, activities, and courses equal to those they would have been in if participating in the regular education program. Pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom shall be treated in the same manner and under the same policies as any other temporary disabling condition. Pregnant/parenting students are entitled to 8 weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives/expects to give birth & the infant, & to allow the pregnant/parenting student to care for and bond with the infant. If the student is under 18 years of age, the person holding the right to make educational decisions for the student shall notify the school of the student's intent to exercise this right. Failure to notify the school shall not reduce these rights. A pregnant/parenting student who does not wish to take all or part of the parental leave to which s/he is entitled is not required to do so. A pregnant/parenting student is entitled to receive more than 8 weeks of parental leave if deemed medically necessary by the student's physician. Parental leave absences from the student's regular school program are excused until the student is able to return to the regular school program or an alternative education program. During parental leave, a pregnant/parenting student shall not be required to complete academic work or other school requirements. A pregnant/parenting student may return to the school and the course of study in which s/he was enrolled before taking parental leave, & upon return to school, a pregnant/parenting student is entitled to opportunities to make up work missed during the leave, including makeup work plans and re-enrollment in courses. A student who chooses not to return to the school in which s/he was enrolled is entitled to alternative education options offered by the local educational agency. A student shall not incur an academic penalty as a result of his/her use of these accommodations. A complaint of noncompliance with these requirements may be filed with the District under its Uniform Complaint Procedures. EC §48205 allows parenting students to be absent from school to care for a sick child without a doctor's note.

MEALS AT SCHOOL

STUDENT MEALS PROGRAM [EC§§49510 – 49520] All of our District schools operate a hot breakfast and lunch program, serving nutritious breakfast and lunch each school day. This year, Cascade Union Elementary Schools have been notified that each and every student is eligible for **free breakfast and lunch** without having to complete any paperwork to qualify.

Historically, CUESD has been funded based on the meal applications submitted. Now, with the District qualifying for free meals for all and there are no “Free and Reduced Meal” Applications, and the District must submit other documents in order to receive appropriate funding. The District will be sending paperwork for you to complete in order for the District to receive our funding. Please promptly complete the paperwork and return it to your child’s school.

In addition, the student lunch program is a federally-funded program and therefore comes with rules and regulations. One of these somewhat confusing rules is that, though a student is entitled to a free meal, including a carton of milk, if a student chooses to bring his/her own meal, s/he must pay for the carton of milk. That is part of the “free” meal, and a student cannot simply get a free carton of milk. A carton of milk is sold for \$0.50. However, if a student wishes to bring his/her own meal and

get a milk to go with it, we suggest that the student select a fruit, a salad, or other components to supplement what s/he brought to eat in order to qualify to have milk at no cost. This is not a rule of the district; it is a requirement of the federal government. We apologize that it seems challenging to understand this rule.

CUESD is an equal opportunity provider. In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing, or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Information may be made available in languages other than English.

Complaints related to Child Nutrition Programs established

pursuant to the National School Lunch Program, Summer Food Service Program, Child and Adult Care Food Program, Special Milk Program, School Breakfast Program, and Food Distribution Program are no longer processed through the District’s Uniform Complaint Procedures. Instead, complaints must be processed through the existing procedures outlined in federal regulations and new, related state regulations. A complaint must be submitted within one year of the date of the alleged violation and may be filed by phone, email, or letter. Please see District Board Policy 3555 for more information. To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by **MAIL**: US Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410; **FAX**: (202) 690-7442 **EMAIL**: program.intake@usda.gov

TRANSPORTATION AND SCHOOL BUS SAFETY

While the law requires transportation to/from school for only special needs students, we offer transportation to all eligible students within district boundaries. Board Policy sets eligibility: K-3 Students must reside more than 3/4 mile from school; 4-8th grade students must reside more than 1.5 miles from school in order to be eligible. Transportation to/from sports or other after-school activities is the responsibility of the parent.

Bus stop locations are available for review at each school. Our stops are approved for safe boarding and drop-off for our students. When arriving at the bus stop, park on the same side of the street as the bus stop location, eliminating the danger to children crossing the street. Make sure students are at the bus stop at least 5 minutes before scheduled pickup times. Transporting kindergarten students requires special attention and care, so we take precautions to help ensure safe arrival and drop-off. If no parent is at the bus stop at the drop-off time, your kindergarten student will be returned to the school. Please

accompany young children to the bus stop and meet them upon their return. Children who walk to the bus stop are to use sidewalks or the shoulder of the road. Do not allow your children to play/damage other people's property. Children are to wait for the bus in a safe place, well off the roadway, in a single file line, until the bus is stopped and the bus driver has opened the door. Children are to enter the bus in an orderly manner, with no pushing or shoving, quickly find a seat, and remain seated while the bus is in motion. Students should be reminded to check in at home after they exit the school bus.

The primary responsibility of the driver is to operate the bus in a safe manner, so each student must assume responsibility for his/her conduct while on the bus. Parents are liable for all misbehavior of their children at the neighborhood bus stop. Students at the bus stop or on the bus are subject to the discipline policies of the school for their behavior.

PLEASE REVIEW THESE BUS RULES WITH YOUR CHILD.

- Obey the bus driver. Be respectful to everyone and everyone's property.
- Harassment, verbal assault, use of profanity, and obscene gestures are not permitted.
- Keep your hands to yourself. No body contact or spitting.
- Tell the truth.
- Respect the bus and property of others
- Do not litter or make a mess.
- Maintain order. Speak quietly.
- Do not bring harmful objects (glass, animals, weapons, tobacco products, contraband) on the bus.
- Follow the school's dress code.
- Remain quiet at railroad crossing.
- Keep all body parts inside the bus and face forwards in the seat.
- Stay seated while the bus is in motion.
- No food, gum, or drinks other than water (water must be in a spill-proof bottle).
- Do not throw anything.
- Cell phones and any sports equipment must be put away while on the bus.
- Exit the bus only at your designated stop.
- Be on time to the bus stop and cross with an escort.
- Maintain safety.

Most students are courteous and thoughtful bus riders. Consequences for misbehavior will initially be a verbal warning. Continued misbehavior will have more serious consequences up to and including loss of transportation eligibility. See additional information in the packet provided by the Transportation Department.

RULES, EXPECTATIONS, and CONSEQUENCES

BEHAVIOR EXPECTATIONS [EC§44807, 5 CCR§300] Pupils are accountable for their conduct on the way to and from school and on the playground. Pupils must conform to school regulations, obey all directions, be diligent in study, be respectful of teachers/others in authority, and refrain from profane/vulgar language. Every school has a behavior matrix that outlines expected behaviors. For a copy of the behavior matrix, please contact your child's school office. A consistent method of responding to serious incidents has been developed with the understanding of the varying maturity level of different age groups. Following is a representative sample of expected disciplinary actions for violations of behavior expectations.

- Parent contact
- Student study team meeting
- Detention/time out
- Suspension or expulsion

If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom.

A pupil may be suspended or expelled for acts that are enumerated in this section and related to school activity or attendance that occur at any time, including, but not limited to, any of the following:

For the purposes of this chapter, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact on the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive.
- 48900.3 In addition to the reasons set forth in Sections 48900 and 48900.2, a pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of, hate violence, as defined in subdivision (e) of Section 233.
- 48900.4 In addition to the grounds specified in Sections 48900 and 48900.2, a pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.
- 48900.7 (a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property or both.
- (b) For the purposes of this section, "terroristic threat" shall include any statement, whether written or oral

, by a person who willfully threatens to commit a crime that will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

If a teacher suspends a student, the child's parent may be required to attend a portion of the school day in his/her child's classes. Employers may not discriminate against parents who are required to comply with this requirement.

MANDATORY SUSPENSION/EXPULSION Students who commit acts listed in EC§48915 shall be recommended for expulsion.

TRANSFER RIGHTS [EC§46600] Sadly, bullying exists in our society and occasionally, in schools throughout the country. Victims of bullying have the right to request a transfer to attend another school within the District. School districts must approve the request of a bullying victim, as defined, to transfer to another school within the district. If the requested school is at capacity, the school district must accept a request for an alternate site. If the school district of residence has only one school available, the school district of residence must honor the student's interdistrict transfer request if the school district of proposed enrollment approves the transfer.

Earned Income Tax Credit Information

Based on your annual earnings, you may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security

Income, food stamps, low-income housing, or most Temporary Assistance For Needy Families payments. Even if you do not owe federal taxes, you must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its Web site at www.irs.gov.

You may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its Web site at www.ftb.ca.gov.

We always aim to provide excellence in education and in service to our students, our staff, our parents, and our community. When we fail, we want to know so we can make it right. Please contact your school principal or the Superintendent's office if there is an issue. If you are not satisfied with our response, these are the procedures for filing a complaint:

LOCAL CONTROL ACCOUNTABILITY PLAN (LCAP) NONCOMPLIANCE [EC§52075] School districts, charter schools, and county offices of education are required to adopt and annually update their LCAPs. LCAP non-compliance complaints may be filed under the Uniform Complaint Procedures and may be filed anonymously. If a complainant is not satisfied with the district's decision, the complainant may appeal to the California Department of Education and receive a written decision within 60 days.

WILLIAMS COMPLAINT PROCEDURE [EC§§35186, 37254, 48985, 52378] Deficiencies regarding instructional materials, facility cleanliness and safety, complaints concerning noncompliance with health and safety standards for license-exempt California State Preschool Programs, emergency or urgent facility conditions that pose a health or safety threat to students or staff, and teacher vacancies or misassignments, fall under the Williams Act. Forms are available, free of charge, at the school office, but you need not use the form to make a complaint. Forms should be turned into the principal or designee who will make every reasonable attempt to investigate. Complaints beyond the site authority will be forwarded to the district within 10 days. Complaints may be filed anonymously. If the complainant identifies him/herself, a response may be requested and will be sent to the mailing address on complaint. If the district is required to provide material in a foreign language, based on California Department of Education census data, and if requested, the response and report will be written in English and the language in which the complaint was filed. The form has a checkbox to request a response and indicates where to file the form. It should take no longer than 30 days to remedy a valid complaint. Within 45 days of filing a complaint, notice should be sent to complainant when a response was requested. A principal will also inform the Superintendent of resolution in the same timeframe. If you are not satisfied with the resolution, you may describe the complaint to the Governing Board at a regularly scheduled meeting. Quarterly, the district reports the number of resolved and unresolved complaints and summarizes data regarding complaints and resolutions to the county superintendent and the local Governing Board in public session making it part of the public records.

NON-DISCRIMINATION NOTICE The Cascade Union Elementary School District is committed to ensuring equal, fair, and meaningful access to employment and education services. The Cascade Union Elementary School District does not discriminate in any employment practice, education program, or educational activity on the basis and/or association with a person or group with one or more of these actual or perceived characteristics of age, ancestry, color, disability, ethnicity, gender, gender identity or expression, genetic information, marital status, medical condition, national origin, political affiliation, pregnancy and related conditions, race, religion, retaliation, sex (including sexual harassment), sexual orientation, Vietnam Era Veterans' status, or any other basis prohibited by California state and federal nondiscrimination laws respectively. Not all bases of discrimination will apply to both education services and employment. The Office of the Superintendent is charged with overseeing, leading, and directing the District's efforts to meet the legal obligations set forth in state and federal civil rights laws, and regulations in District employment and delivery of education services. Inquiries regarding nondiscrimination and civil rights should be directed to the Cascade Union Elementary School District, Office of the Superintendent, 1645 W. A complaint form is available for your use, but it is not necessary to use a form. Simply submit your complaint in writing to the Office of the Superintendent at the aforementioned address. See the section on Uniform Complaint Procedures for more information.
